## WINDOW AND DOOR INFORMATION

- All diagrams shown are viewed from the outside
- Non standard size frames are available on request
- All measurements are in millimetres
- Height is always indicated first
- Window and Door sizes are finished aluminium sizes and do not allow for timber reveal linings
- When ordering please state if the item is left or right hand opening as viewed from the outside
- Timber reveal linings are available
- Timber reveal linings are not fitted to the sill of the sliding or bifold doors
- Black hardware is fitted as standard
- Mesh vent windows are not available as they do not comply with the standard AS2047 and the Building Code of Australia
- All doors are fitted with safety glass and motif
- Sills and jambs should be level and plumb
- Clearance should be maintained around the perimeter as windows and doors cannot be load bearing
- Any mortar or plaster should be immediately washed off the surface of the aluminium
- Bottom tracks should be kept clear during the course of construction as sand and foreign matter will have an adverse effect on the rollers and bearings
